APPENDIX 1 – Cllr Hewlett

April Report from District Council

Here is my last ever Report!

1. The Planning Application for Glamping sites beyond Pool Cottage has been passed.

2. Forestry England (the new name for The Forestry Commission) has agreed to a meeting, arranged by Heather Wheeler MP, with dog owners to discuss the disputed proposed removal of deer fencing round Poppy Wood – this will be in Late April or early May.
3. Kevin Stackhouse, the Director of the District Council responsible for Corporate Affairs, has retired.
4. The CEO of the Council, Frank McArdle, retired last Friday; he started work here 47 years ago as Chief Legal Officer and has been CEO for 23 years. The new CEO is Dr Justin Ives and he begins in early May; in the meantime any problems will be dealt with by Heads of Department.
5. The District Council elections will take place on May 4th, and there is one important change that people must be made aware of – anybody arriving to vote at a polling station MUST have proof of identity with them, and if they don't they will not be allowed to vote.
This must be some form of photo ID, such as Passport, Driving Licence or Derbyshire Gold Card, and expired ones will still be allowed so long as the photograph is still a good likeness.
For those who don't have any form of photo ID there is another way, which is to apply to the District Council for a Voter Authority Certificate which can be presented at the Polling Station instead of photo ID.
To get this it's necessary to download an application form from the Council website, fill it in and send it by post to the Council office; the Certificate will be sent back by post, and the Council recommends that all applications should be done in plenty of time.
Alternatively people could apply to vote by post.
The website has more details, and if there are any questions Martin or I would be happy to help.
6. Finally, I won't be standing at this election as I've represented Melbourne for 16 years and it's time for someone else to have a go.
Being involved with decisions which affect the whole area has been very interesting and rewarding, and helping residents of Melbourne, Kings Newton and Stanton by Bridge to deal with a wide variety of problems has been really enjoyable.
I thank Parish Councillors for their support and hope that whoever succeeds me on May 4th gets as much enjoyment from the job as I have.

APPENDIX 2 – Cllr Muller
